ABOUT PADRE CONCEICAO COLLEGE OF ENGINEERING:

Padre Conceicao College of Engineering (PCCE), Verna, managed by Agnel Charities was started in the year 1997 by the Agnel Ashram fathers of the Society of Pilar with the vision of growing into a centre of excellence in engineering education and research and promoting the PCCE brand of engineers well known for their competence and integrity. The mission is: to provide excellent infrastructure in terms of faculty, laboratories, library and other facilities required for curricular and extra-curricular activities; to provide the best work culture and academic ambience with avenues for all-round personality development of students; to work closely with industry and other organizations involved in nation building and societal development; to continue to remain in the forefront as an institution of first preference for all its stakeholders. PCCE is approved by AICTE and is affiliated to Goa University.

PCCE offers 4 full time undergraduate courses in Mechanical Engineering, Electronics and Telecommunication Engineering, Computer Engineering and I.T. Engineering; and 1 full time post graduate course in I.T. Engineering with specialization in Internet Technology and Communications. The department of Computer Engineering was established in 1997. The I.T. department was started in 2001. The Master of Engineering in I.T. (Internet Technology) was started in 2004.
