

Padre Conceicao College of Engineering will be hosting its **annual state level technical event ‘TECHYON 2018’** from 10<sup>th</sup> October to 12<sup>th</sup> October 2018. During this event, all the departments-Mechanical, Computers, Information Technology (IT) and Electronics and Telecommunication (ETC)- host a range of activities like Hackathon, Robowars, Line Follower, Poster Presentations, Code Crunch, Electronic Art to name a few. This will enable the students to exhibit their skills, creativity and breed healthy competition.

The event includes subject-specific technical competitions held by four departments: **ENIGMA** (ETC department), **MECHFEST** (Mechanical department), **DOTSLASH** (Computer department) and **MINDSPARK** (IT department).

**TECHYON 2018** will see the participation of students across all engineering and polytechnic colleges in Goa.

This year, we have extended invites to higher secondary and high school students to be a part of select events namely: General Quiz, Debate and Science fair.
